

CampusEats — Six Core Capabilities

1. **Authenticate Users** — verify users and provide secure access to CampusEats.
2. **Browse Menus** — allow customers to view restaurants, menu items, prices, and availability.
3. **Place Orders** — allow customers to select food items and submit orders.
4. **Process Payments** — process customer payments and maintain payment status.
5. **Manage Orders** — allow restaurants to accept, prepare, and complete customer orders.
6. **Track Orders** — allow customers to view the current status of their orders.
